3. Oksana

Program Name: Oksana.java   **Input File: None**

Oksana loves to play the Connect Dots game, but gets really tired of drawing out the dots on paper. She wants to be able to print them out, but needs your help.

Below is a picture of an 8X8 grid of dots. The dots in each row have a space between, but the rows do not. Write a program to output this exact pattern.

Input: None

Output: An 8X8 grid of dots as shown below, with a single space following each dot, but no blank lines between rows.

Expected Output:
```
* * * * * * * *
* * * * * * * *
* * * * * * * *
* * * * * * * *
* * * * * * * *
* * * * * * * *
* * * * * * * *
* * * * * * * *
```
